

Helping Early years practitioners Apply Research to Teaching and learning

An exciting new partnership, working collaboratively with Birmingham Local Authority, BEYN and all 27 Maintained Nursery Schools to continue to build on and strengthen our existing support for early years within Birmingham and beyond. The partnership consists of Bloomsbury Nursery School, Castle Vale Nursery School, Adderley Nursery School, Norton Hall Nursery & Weoley Castle Nursery School.

The Stronger Practice Hubs programme, launched in November 2022, is part of the Department for Education's [Early Years Education COVID-19 Recovery Package](#). Supported by the [Education Endowment Foundation](#) and the [National Children's Bureau](#), the programme aims to support settings to address the impact of the pandemic on young children by sharing effective practice and building lasting local networks.

Early years Stronger Practice Hubs will provide advice, share good practice, and offer evidence-based professional development for early years practitioners.
